

FUEL SURCHARGE UPDATE

October 25, 2018

To reflect the recent changes in the cost of jet fuel, Korean Air will adjust its fuel surcharge from USD 0.90/kg to **USD 1.00/kg** which will be applicable to all of Korean Air's air waybills issued in the American region (IATA Area 1)*.

This fuel surcharge increase will be **effective as of November 16, 2018**.

FUEL SURCHARGE GUIDELINES:

- Based on **CHARGEABLE WEIGHT**, including minimum charge shipments
- Based on **KE FLIGHT DATE**, not AWB issuance date
- Includes the Fuel Surcharge Code: MYC and the applicable amounts in the appropriate "Other Charges" & "Due Carrier" fields of the AWB

Korean Air will continue to monitor the cost of jet fuel and make any necessary adjustments.
